CS491 - Fall 2026 - Project Information Form

Please fill the form for your CS491 Design project.

It is sufficient for one team member from each team to fill out this form.

* Required

Email *

rasul.ibrahimzade@ug.bilkent.edu.tr

Name of the Project *

Aim for a short, unambiguous, and memorable title for your project/team. Your project name should reflect what makes your project unique.

ZeroTrust

One paragraph description of the project *

You should write an high-level summary of your project. It must be very-well written and checked many times. Avoid going deep into details or background of the problem you volunteer to solve. Remember the elevator speech and pitching concept, use it.

What if you could collaborate with zero infrastructure? No Internet, no servers, no 3rd parties. ZeroTrust is a local, peer-to-peer, encrypted communication and collaboration platform that trusts no one, not even your own router. Whether you handle sensitive data, want better privacy, or simple don't have the infrastructure, our project can connect you to your peers, with no middleman. Already have a network? Our project can create a secure collaboration platform right on top of it, with no unwelcome guests. Heading somewhere remote? Any router or even your phone will do, regardless of Internet access. A natural fit for defence industry, emergency responders, air-gapped facilities, hospitals, critical-infrastructure operators and more.

Supervisor Name and Lastname: *

Mohammad Mahmoody

Innovation Expert Name and Lastname: *

Mohammad Mahmoody

The URL of the Project Web Page: *
